

RESTRICTED IMPORTS TO THE BAHAMAS

Restricted goods can be imported only under certain conditions and with the approval of the Comptroller of Customs, the Minister for finance or the requisite licence.

- i) All goods which are restricted under any law of The Bahamas;
- ii) Firecrackers and impact flash salutes except those which the Comptroller of Customs does not consider dangerous.
- iii) Rum, including taffia, unless imported as cargo and meeting certain criteria.
- iv) Other spirits (other than cordials or perfumed or medicinal spirits) unless imported as cargo and meeting certain criteria.
- v) Wine unless imported as cargo and meeting certain criteria.
- vi) Trailers, being trailer caravans for use as living quarters, offices, workshops or similar purposes and cargo containers used for purposes other than cargo delivery, unless specially authorized by the Minister.
- vii) Coin-operated mechanical games and devices whether imported by a person, club or organization under licence of the Lotteries and Gaming Act or by one or more persons for amusement only.
- viii) Any goods imported for the purpose of business unless the importer has a valid Business Licence and proof of Central Bank exchange control for the purchase of the goods.
- ix) Acetic acid, acetic anhydride, acetone, ammonium, anthranilic acid and its salts,
Benzene, benzyl chloride, benzyl cyanide,
Carbon sulfide, chloroform,

Ephedrin and its salts, ergometrine and its salts, ergotamine, ethyl alcohol, ethylamine and its salts, ethyl or sulphuric ether,

- Hydrochloric acid, hydriodic acid,
Isosafrole,
Lysergic acid,
Methylamine and its salts, methylene chloride, methyl ethyl ketone, 3,
4-methylenedioxyphenyl-2 propanone,
N-acetylanthranilic acid and its salts optical isomers and salts of optical
isomers,
N-Ethylephedrine, its salts and optical isomers,
N-Ethylpseudoephedrine, its salts, optical isomers, and salts of optical
isomers,
N-Methylephedrine, its salts, optical isomers and salts of optical isomers,
N-Methylpseudoephedrine, its salts, optical isomers and salts of optical
isomers,
Phenylacetic acid and its salts,
1-phenyl-2 propanone, Phenylpropanolamine and its salts, piperidine,
piperonal, potassium carbonate, potassium hydroxide, potassium
permanganate, propionic anhydride, pseudoephedrin and its salts,
Safrole, sodium carbonate, sodium hydroxide, sodium sulphate, sulphuric
acid,
Toluene, Trichloroethylene,
- x) Benzaldehyde (Benzoic aldehyde), nitroethane and
norpseudoephedrine.
